Our Classroom Policies/Procedures:

Our dedicated staff consists of a social worker, teacher, and educational assistant with specialization in addressing behavioral needs. Our staff will provide curriculum, counseling, and additional resources to address critical skills for success socially, emotionally, and academically.

We have chosen to implement SOAR as part of our Classroom Behavior Plan.

- S = Safe Behavior
 - (Stay in the designated area, keep your body under control, transition appropriately)
- O = On-Task Behavior
 - (Actively participate, make an effort, complete class work)
- A = Act Responsibly
 - (Follow directions first time asked, keep your area clean, follow dress code)
- R = Respect All
 - (Speak with good purpose, listen when others speak, use materials appropriately)

Positive Consequences

Stepping Stone's staff focuses upon finding the positive and rewarding it! Points will accumulate for EXCEPTIONAL BEHAVIOR throughout the day, and will provide a daily behavior grade.

- Daily: 85% or above = Extra gym or recess time
- Weekly: 85-92%= Movie, Popcorn and coke on Friday
93-100%= Student selected prize (ice cream, pizza, etc.)
- Each child will have an individual behavior plan with positive consequences embedded in the action steps.

Negative Consequences

Based on the behavior needs of each student, the consequences will reset daily or weekly. The following consequences may be used:

- Loss of recess
- Silent Lunch
- Loss of privilege stated in the behavior plan.
- Extreme offenses (i.e. hands on someone else) will result in 3 days silent lunch, loss of recess, and parent contacted.
- Outbursts are considered an extreme offense. These will be addressed on an individual student basis.
- SSA staff may assign consequences for negative behavior as needed.

Check In/Check Out Process:

As we are a behavioral change program, we look at overall behaviors to determine an appropriate time for a student to return to their home school. Each child's family will be extensively involved in the entire process. We use a daily check-in/check-out procedure to rank each section of our student's day. Students must meet the goals of the individual student behavioral contract that is developed for each student.

Communication:

Behavior reports, completed/incomplete academic work, and homework assignments will be sent home on daily. Items that need to be signed or completed will be identified in the student's folder. Papers that are to be kept at home will also be marked.

Welcome and Overview

Welcome to the Lawrence County School System (LCSS) Adult High School! We are thrilled you are joining us. We have three primary missions at our school:

- Gaining needed credits towards high School graduation
- Getting the needed soft skills that will help you in life and in your future educational endeavors and career
- Helping you to develop a plan for your future education and/or career

We have three pathway options at our program:

- The Transition pathway in which students remain enrolled at Lawrence County High School, Loretto High School, or Summertown High School.
 - These students will have an individual graduation plan comprised of the following components:
 - A plan to finish 22 approved high credits in the required areas
 - A target date for completion
- The Summit pathway in which students are enrolled at the Adult High School and are 18 years old or younger.

- These students will have an individual graduation plan comprised of the following components:
 - A plan to finish 22 approved high credits in the required areas, a target date for completion, and a signature component.
 - These students will have an individualized program which may allow them to work during a portion of the regular School day if they are making consistent progress as defined by their individual graduation plan.
- The Opportunity program in which students are 18 years of age or older and have dropped out of school at some point.
 - This is what used to be thought of as the "typical" Adult High School student. These students are creating a new opportunity for themselves and are a welcome component to the Adult High School.

Our School prides itself on allowing students to progress efficiently throughout coursework if the necessary effort and time is allotted. The different schedule and small numbers allow students to often make much more progress than is possible in a regular school setting.

Plato Syllabus & Instructions

Welcome to Plato,

You have been enrolled in a course on Plato. Plato is an online classroom, that allows you to do classwork and learn a curriculum wherever you have internet access. However, just because you are enrolled on Plato **DOES NOT** mean your teachers are not here to help and support your learning. If you are struggling with a topic, please do not hesitate to ask your teacher for help.

NOTES ABOUT HOW PLATO WORKS

- Most (but not all) classes have an “A” part and a “B” part to the course. Begin each class that you are enrolled in the “A” part of the course. The “A” portion of the class is a building block for the “B” portion of the class.
- Once inside the course begin at “Unit 1” at the “Pretest”.
- The pretest is used to determine what you already know. Do not feel bad if you do poorly on the pretest, but do try your hardest. Doing well on the pretest can allow you to “test out” of sections of the class, which means it can cut down the amount of work that you are required to do.
- After the pretest work to the right. Do the sections in order.
- Watch/complete the tutorial in all sections.
- If you fail the Mastery Test you **must** rewatch the tutorial to unlock the Mastery Test. This cycle can be repeated 3 times.
