

What is a School-Home Compact?

A School-Parent Compact is an agreement that families, students, and teachers develop together. It explains how families and teachers will work together to make sure all students reach grade level standards.

Effective Compacts:

- Link goals to the SLS Improvement Plan
- Focus on student learning skills
- Teacher's role in developing skills through classroom instruction
- Share strategies families can use at home
- Explain successful communication between school and home

Activities to Build Partnerships

- ✓ Open House
- ✓ Family Nights
- ✓ Fun Run
- ✓ Communication Binder
- ✓ Parent-Teacher Conferences
- ✓ Skyward Access
- ✓ Remind App

South Lawrence School

3rd Grade

School-Parent Compact 2023-2024

Student learning and Assessments

School is devoted to having open lines of communication with families and about student's learning.

School Website:
<http://schools.lcss.us/sles/>
931.201.5884

Jointly Developed

SLS students, their families, administration, teachers, and staff developed this parent-school compact. We suggested home learning strategies, families added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact to make changes based on student needs.. If you would like to participate in our PAC (Parent Advisory Committee) meetings, contact Amy Simbeck at amy.simbeck@lcss.us There are times when a classroom teacher needs volunteers to assist in different activities. Contact your child's teacher for this information.

Assessments:

<https://www.tn.gov/education/assessment.html>

- AIMSWeb- Given 3 times a year to check academic process and RTI placement
- STAR Reading and iReady Math- Given multiple times a year to determine progress and RTI placement
- Common Formative Assessment (CFA)- Check mastery of skills previously taught
- TNReady- End of year assessment to provide feedback on academic progress and how it aligns with grade level expectations

Standards:

3rd Grade Teachers

Mrs. Amber Fisher - ELA
Ms. Brandi Walters - Science/Social Studies

District Goals

The LCBOE sets goals for the Lawrence County School System for the 2023-2024 school year.

ELA - All students will reach high standards and will attain proficiency or better in mathematics.

Math - All students will reach high standards and will attain proficiency or better in mathematics.

School Goals

The South Lawrence School administrators and teachers have developed a school improvement plan for the most important areas of education that need improvement.

Reading- All students will show an increase in reading proficiency to meet district goals.

Math- All students will reach high standards and will attain proficiency or better in math.

In the 3rd Grade Classroom

The third grade classroom will work with students and families to support student's success in reading, math, science, and social studies. Our key communication is our Third Grade Student Binders which help students, parents, and teachers stay organized and connected at school and home.

Listed below are some important sections of the binder:

- * The front section is for important notes, forms, or money. Weekly test papers and other Important Papers will be found in this pocket each Monday.
- * The Homework Weekly Assignment Sheet will outline the topics, assignments, and news for the week.
- * The Daily Folder located inside each student's binder is for completed work that should be "Left at Home" and "Important Papers".
- *The AR section of the binder is for students to keep a log to record library books they have read and tested on. Students should keep up with the number of points earned for each 9-weeks and an overall total. Goals and awards will be listed in this section of the binder.
- *Google Classroom will have all assignments and make up work if a student is absent from school. Please check Google Classroom for more info.

At Home

South Lawrence School families should establish routines to promote student success. Here is a list of suggested ideas:

- *Check 3rd Grade Binder nightly.
- *Return notes in a timely manner.
- *Review daily skills/classwork for weekly tests.
- *Discuss missed items in weekly test packets.
- *Be positive, encourage success, and help your child relate school lessons to real life situations.
- *Promote lifelong learning.
- *Encourage your child to form healthy lifelong habits, including (but not limited to) good sleep habits, well-balanced meals and snacks, proper grooming and hygiene habits, and regular school attendance.
- *Make math useful. Connect real world situations that require math.
- *Make reading enjoyable. Read with your children. Talk about the book together. Make this a fun family activity.

Students

South Lawrence School students joined our third grade teachers to develop ideas about how they can succeed in school in math and reading.

Students thought of the following ideas to make connections between learning at home and at school:

- Talk with my family about new concepts I am learning in Math and Reading.
- Share my Communication Binder and Weekly NewsLetter with my parents.
- Keep my Communication Binder organized, neat, and clean.
- Read nightly to build my vocabulary and boost my reading skills. Log AR books nightly.
